

This Week's Learning

**SMART Start** -This week the children have been using Lego to build different things, writing about their holiday, drawing pictures and playing a number recognition game on the interactive whiteboard.

**Literacy** - The Children continued to learn "Magic e", focusing on the rule with "u", as well as learning new tricky words "little", "most" and "old". They have been writing magic e words using glitter glue, finding tricky words in books and doing tricky word pyramid writing.

**Maths**- This week the children have been learning about position and direction. They have been using the language of up, down left and right. They created maps as part of their topic work and used a beebot to give and follow directions.

**Topic**- We continued work on our topic "Down Our Street" this week, the children found out that a supermarket is planning to move to their street. They thought about some of the good and bad things about having a supermarket move in and then wrote a letter to persuade the owner to build somewhere else.

The children enjoyed sharing their learning with their parents/guardians and hope that you enjoyed your visit to our classes today.

**Sleeping Beauty**- On Thursday the children had a performance of Sleeping Beauty from a visiting theatre. They were very excited and enjoyed watching it.

Other Information -

- P2 will be starting their 'Festivals of Light' topic next week. For part of this we will be looking at Diwali. This weekend there is a Diwali parade in Edinburgh. If you would like more information, please have a look at the website: <http://www.edinburghdiwali.co.uk/>
- P2C will have a PGDE student joining them from this week- Miss McKeich
- **Parent consultations will be held in Deanbank next Wednesday and Thursday. We look forward to seeing you then.**

Many thanks,

P2 team
